

Alexandria Lee

Technical builder with a designer's eye and a business mindset.

Experience.

Airframe AI | Founding Product Engineer

San Mateo, CA | February - Current

- ◆ Built the entire front-end of Airframe's core product as the second engineering hire, directly contributing to successful seed fundraising.
- ◆ Led Airframe's News Desk from concept to deployment, single-handedly managing design, product strategy, and engineering to boost daily active users and establishing a critical user engagement touchpoint
- ◆ Acted as sole Product Manager, driving cross-functional collaboration across design and engineering while leading flagship initiatives including Expert Connect, Universal Search and RFP.
- ◆ Drove AI tooling evaluation and architectural decisions, collaborating closely with founders on product direction and scalability.

Firework | Software Engineering Intern

San Mateo, CA | July - February 2025

- ◆ Spearheaded front-end development for a Product-Led Growth initiative, increasing onboarding adoption by 30% in two weeks.
- ◆ Built a Sales-Led Growth pipeline in Python with GenAI and RESTful APIs to automate lead qualification and marketing personalization.
- ◆ Enhanced accessibility of Firework's video player by implementing keyboard navigation, contrast toggles, and optimized subtitle support.

Firework | Product Intern

San Mateo, CA | June - Sept 2023

- ◆ Supported the design and launch of five major features for Firework's one-to-one video product.
- ◆ Led a team of developers to conceptualize, design and implement a social proof feature to drive user engagement.
- ◆ Partnered with the CEO to prototype the company's first AI virtual assistant, shaping the vision for the company's largest AI initiative.

China Renaissance | Financial Analyst

New York, NY | June - August 2022

- ◆ Selected as the sole U.S.-based intern for China's leading domestic investment bank.
- ◆ Conducted global market research on food delivery trends, identifying growth opportunities and presenting to senior management.
- ◆ Contributed to investment memos and due diligence processes across cross-border M&A activity.
